

SPF SIG ARMVC Causal Factor Tool #4 Community Events Summary

List all the major community events and festivals in your community between May 2007 and April 2008, under the heading Community Event. Next indicate the dates of the event and whether it is an annual occurrence. Note whether alcohol was available during the event and if there were any alcohol-related sponsors (write the sponsors name(s) if there is an alcohol-related sponsorship and no if there is not). Finally, indicate if the event targeted a specific subset of the community.
